### DESCRIPTION

---

A cross of the ever-popular Runtz with Forbidden Zkittlez, Forbidden Runtz is a fantastic hybrid with a gorgeous purple mottling for those fans of Runtz or Zkittlez looking for a new strain to try.

Combining the more heavy-indica effects of Runtz with the mix of Sativa effects so often found in hybrid Zkittlez crosses, these purple-mottled buds make for a great all-around strain for those looking for an experience that offers a little bit of everything.
