Strain Profile

STRAWBERRY FRITTER

ABOUT THE STRAIN

Type: Hybrid

Breeder: Raw Genetics

Lineage: Apple Fritter x
Strawberries & Cream F2

FLAVOR & AROMA

Sweet Earthy Berry Creamy

DESCRIPTION

Strawberry Fritter is a creamy cross of Apple Fritter and Strawberry & Cream. Growing dense buds, the lime green flower and surrounding leaves have a pinch of purple while giving off a dash of sweet strawberry scent. The flavor comes off as sweet, earthy, and creamy exhale that will leave you relaxed without leaving you couch locked.
